CCR No. 96-0327	Logged Date 3/27/96	Rev.	Request Type
Priority Routine <input type="checkbox"/> Urgent <input checked="" type="checkbox"/> Emergency <input type="checkbox"/>	Affected Release Rel A I&T	Change Class	
Title (description) Install Kftp software on sime2sun workstation			
Documents Affected		Source Nos (RID, NCR, etc.) or Tech Reference	
RTM Change <input type="checkbox"/> Start New Baseline <input type="checkbox"/>			
Problem The Release A tester modifying the TSDIS simulator (external interface) needs to transfer files using Kftp (Kerberos authentication) to the ECS Gateway server. The Kftp software is in addition to the Kerberos software that already has been installed on the sime2sun workstation.			
Proposed Solution Install Kftp software on the sime2sun in the infrastructure area of the EDF. To complete the current interface configuration, if DCE is installed on sime2sun, it should be turned off so this workstation can communicate with the Gateway server using Kftp. Dmitri Schoeman (X-0852) should have a copy of the Kftp software by 3/28/96 that he can make available for installation if necessary.
